

Editor's Comment:

I see that some points of reviews have not been addressed. I suggest the journal first to send the paper back to authors to give them another opportunity to revise the comments of reviews: Tap and Sui. Then, please send to Reviewers Tap and Sui again to seek their consent if all suggestions have been addressed and improved

sufficiently.

Editor's Details:

Dr. Muhammad Mujtaba Shaikh
Assistant Professor, Mehran University of Engineering and Technology, Jamshoro, Pakistan.
