Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	Yes Yes Yes No Yes Yes	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	Your manuscript need minor revision from two reasons: 1. You've written a good paper that has one big problem: you refer to stool samples collected from October 2021 to January 2022. That's a time period that is out of date in the second half of 2023. Why didn't you publish the results earlier? Why did you wait until now? 2. Grammar errors.
