## Review Form 1.7

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>The article is of real interest to researchers, especially since it is less cultivated in Europe. This paper brings new data regarding the culture of <i>Brassica juncea</i> L. and I consider that the aspects followed in the experiment are particularly important.</p> <p><b>Title suggestion:</b> New data regarding the cultivation some hybrids of <i>Brassica juncea</i> L., in the pedo-climatic conditions of PARYAGRAJ SANGAM REGION (U.P)</p> <p>The abstract complies with the conditions of the editor for editing the papers and briefly presents the main purpose of the research, the location and the way of placing the experience. The research methodology included many determinations at plants.</p> <p>Yes, they are appropriate.</p> <p>Yes, in my opinion the manuscript is scientifically correct.</p> <p>The references (12 bibliographic titles) is good chosen and representative for the topic of the work. However, there are no bibliographic references from the last five years, only one are listed. More recent references can be added.</p> <p>Additional suggestions/comments j</p> <ul style="list-style-type: none"> <li>- Justify document arrangement (paragraphs do not respect the left - right alignment),</li> <li>- pay attention to the spacing between words</li> <li>- the word tonnes be replaced with tons</li> <li>- the word stabilised be replaced with stabilized</li> <li>- at the bibliography, the numbers they do not respect the order, they are identical</li> <li>- the size of the tables to comply with the same format (size), lines and positioning</li> </ul>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>I am not qualified enough to check English, from a grammatical point of view.</p>	
<p><b>Optional/General</b> comments</p>	<p><i>Brassica juncea</i> L. (Indian mustard) is a particularly important plant due to its multiple uses: for the production of oil and mustard paste, as a green fertilizer, it is a plant that removes heavy metals from the soil, the green leaves are used in salads, etc. This article supports the farmers concerned with the cultivation of mustard.</p>	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
