

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_105846
Title of the Manuscript:	Fortified Organic Manure and NPK fertilizer levels: Influence on Soil Properties, Yield and Micronutrients Biofortification of Brinjal in Coastal Soil
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes, the application of increasing level of NPK fertilizer along with Zn and Fe fortified compost has improved the soil properties, yield and quality of brinjal.</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Additional suggestions/comments:</p> <p>1 - The manuscript is sufficiently robust and technically sound.</p> <p>2 - Abstract : Informative, gives an overview of everything in the research.</p> <p>3 - Introduction : there is bring out the importance of the subject (Fortified Organic Manure and NPK fertilizer levels: Influence on Soil Properties, Yield and Micronutrients Biofortification of Brinjal in Coastal Soil) and presented an overview of current research on the subject.</p> <p>4 - Materials & methods: the suitability and technical standards of the methods is very good.</p> <p>5 - Sufficient and appropriate statistical analyses have been carried out.</p> <p>6 - Results & discussion: the data well controlled and robust.</p> <p>7 - The relevant and current references during discussion.</p> <p>8 - Discussion and conclusions based on actual facts and figures.</p> <p>9 - Conclusion: supported by the data and discussed inside the manuscript.</p> <p>10 - All the references cited relevant and adequate.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>In all pages of the manuscript : kindly please put the spaces between the words . For Example: SolanummelongenaL the correct : In page (1): This citations , there were not found in the references : (Prom-u-thaiet al. 2020). (Atharet al., 2020).</p>	

Review Form 1.7

	<p>Also, in page (3): (Elayaraja, 2009 Also, in page (4): Tan, 1996)</p> <ul style="list-style-type: none">- Watanabe and Olsen, 1954), the correct : Olsen et al 1954), <p>In page (6):</p> <ul style="list-style-type: none">- Vigneshvarraj (2020). Not found in the references- content 2.67 the correct number content 2.76 <p>in page (12): through zinc and iron (B₂ and B₁).</p> <p>The correct : through zinc and iron (B₁ and B₂).</p> <p>Kindly : I repeated also, put the spaces between the words . In all the manuscript .</p>
