

Editor's Comment:

I've gone through the Peer Review Report of the manuscript entitled "Screening of Antimicrobial Resistance in Bacterial Isolates from Red Sea Coast in Jeddah" provided by 2 reviewers. I've also checked the authors response to the Reviewers comments as well as the revised manuscript. The authors have modified the manuscript but regarding conclusion the modification is not upto the mark.as suggested by the Reviewer.

Therefore, manuscript may be accepted for publication after the conclusion is modified.
