<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Maybe. But here I find manuscript lacks technicality in terms of methodology and finding.</p> <p>Yes</p> <p>No. The abstract should be concise and informative. It should not exceed 300 words in length. It should briefly describe the purpose of the work, techniques and methods used, major findings with important data and conclusions.</p> <p>No</p> <p>No</p> <p>No. References must be listed at the end of the manuscript and numbered in the order that they appear in the text. Every reference referred in the text must also present in the reference list and vice versa. In the text, citations should be indicated by the reference number in brackets [3].</p> <p>Length of paper exceeds in terms of total word count. As per journal we advise a length of 3000-6000 words (including everything).</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Very poor English but it can be improved after taking help from English speaker to attract global readers.</p>	
<p>Optional/General comments</p>	<p>However if efforts can be put from authors side it can be enriched. The manuscript basically focuses on Saudi students pursuing Doctoral studies in Us but The title is "An analysis of Challenges International Students Face in pursuing doctoral study in the area of English language teaching".</p> <p>So the study didn't comply with the title. Hence some clarity should be there.</p>
