

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_106819
Title of the Manuscript:	Exploring Genetic and Molecular Diversity of Indian Rice Landraces: A Molecular Marker - Driven Study Incorporating D2 Analysis
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. There are several studies in which the genetic and molecular diversities of rice genotypes; while how author differentiate this study from other study is questionable. The manuscript was well written and can be accepted with minor correction. The MS also need to be reviewed by subject specialist to verify the technical aspect of MS.</p> <p>2. Yes</p> <p>3. Adequate</p> <p>4. Yes</p> <p>5. Yes (Check the replication number)</p> <p>6. References: Strictly follow the reference writing style of the journal for both citing references in the text and enlisting the in reference list.</p> <p>Introduction: Cite some earlier studies in which screening of rice for genetic and molecular diversity were done.</p> <p>Material and Methods: Information on crop growing condition and practices followed for growing rice need to given;</p> <p>Results and discussion: Adequate</p> <p>Conclusion: Conclusion should be concise and based on the data presented in MS; Avoid writing general statement in conclusion.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
