

Review Form 1.7

Journal Name:	Asian Journal of Environment & Ecology
Manuscript Number:	Ms_AJEE_106263
Title of the Manuscript:	Agroecosystem Sustainability in a Forest dependent Tribal Village in Odisha, India
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajee.com/index.php/AJEE/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1- Yes the manuscript is important for the scientific community</p> <p>2. The title of the article is appropriate except the location of this agroecosystem in India (North, West, East or South) must be added.</p> <p>3. Need to revise the abstract another time</p> <p>4. It is necessary to develop the issues of this study well in the introduction part. In terms of the methodology section, you must specify the nature of the sampling for your survey. Does your sampling affect all age groups, gender (male or female) and school level? It is also necessary to specify whether the other topographical factors (slope, exposure, nature of the slope) and the edaphic factors of the study area have an influence on this agroecosystem. It is necessary to show the nature of the crops grown organically or not.</p> <p>5. The manuscript must be carefully revised again.</p> <p>6. I suggest adding some recent work in this area of study</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The linguistic quality of the article is acceptable, a simple revision is necessary</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p>(If yes, Kindly please write down the ethical issues here in details)</p>
