|--|--|---|
| <p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p> | <p>1-Kawasaki disease is a condition that mainly affects children under the age of 5. It's also known as mucocutaneous lymph node syndrome. Most medical books do not contain any details about pathophysiology and treatment of this disease. KD is the only indication for aspirin use in children. Therefore, it is important to know the role of inflammation in KD to provide appropriate guideline for treatment.</p> <p>2- suitable</p> <p>3- comprehensive</p> <p>4- containing many numbers and sub-numbers that lead to confusion for the reader</p> <p>5- scientifically correct</p> <p>6--sufficient and recent</p> <p>a. I think " children" is not a specific word that can be used as a key word..</p> <p>b. Please, write the full term for each abbreviation at its first use in the title, abstract, keywords and text separately.</p> <p>c. The manuscript containing many mistakes in grammar, spelling, and punctuation like in line 40, 104, 118,135, 136, 185, 226</p> <p>d. Please be attention that full stop should be followed by space like</p> <p>e. " inflammatory phase [8]. IL-1β is " so, you required to review your manuscript and make corrections.</p> <p>f. Figure 1 has no reference.</p> <p>g. References should be in the same style and sequence and for up to six authors follow the following example.</p> <p>h. "Parija S C, Ravinder PT, Shariff M. Detection of hydatid antigen in the fluid samples from hydatid cysts by co-agglutination. Trans. R.Soc. Trop. Med. Hyg.1996; 90:255–256."</p> | |
| <p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p> | <p>suitable</p> | |
| <p>Optional/General comments</p> | | |
