

Editor's Comment:

Thank you for sending me the manuscript for editorial decision. Please ask the author to improve the Conclusion section, it is too brief now. The author should summarize the findings, demonstrate whether the aim of the study has been achieved, outline the limitations of the methodology, and discuss the potential contribution of the study to the literature and the implications of the findings.

Editor's Details:

Dr. Vasilii Erokhin
School of Economics and Management, Harbin Engineering University, China.
