

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_106809
Title of the Manuscript:	Impact of Boron and Zinc on Vegetables: A Review
Type of the Article	Review Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. Review of literature is essential to know the status of knowledge; while with availability of large number of review articles on micronutrient in general and vegetables in particular, how author distinguish their review is questionable.</p> <p>2. Yes</p> <p>3. Abstract:</p> <ul style="list-style-type: none"> Avoid general statements (first two sentences) and focus only on selected group of crops. Write the significance of use of selected micro-nutrients (Zn and B) in important vegetables (% increase in yield, increase in concentration, etc. due to application of Zn and B). Write the concluding remark based on review of literature made by author. <p>4. Provide section and subsection number to different sections;</p> <p>5. See the following: Provide some tables related with impact or any other aspect of Zn and B on vegetable cultivation; Authors have to discuss the findings of different workers rather than just enlisting it. Whether authors have taken permission to copy the figures (figure 1 and 2) from the researchers cited? (See journal policy for copying the figures).</p> <p>6. References: Strictly follow the reference writing style of the journal for both citing references in the text and enlisting the in reference list. Cross check the references cited in text and enlisted in the reference list.</p> <p>For other comments please see the MS.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Need revision	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
