Manuscript Number:	Ms_JAMMR_106259
Title of the Manuscript:	The effect of oral health instruction on knowledge, attitude and performance of pregnant women (Mashhad-Iran)
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. The importance of this manuscript to the community lies in understanding the knowledge and practice of oral hygiene among pregnant women, given that the maintenance of oral hygiene during pregnancy improves general health.</p> <p>2. I would suggest modifying the title to the following title: The effect of oral health instruction on knowledge, attitude and performance of pregnant women in Mashhad-Iran: cross-sectional survey.</p> <p>3. The abstract of the article is comprehensive</p> <p>4. The subsections of the manuscript are appropriate</p> <p>5. The manuscript scientifically is correct</p> <p>6. I would suggest to add recent references such as:</p> <p>a. PMID: 35449998</p> <p>b. Daneshvar S, Ghazanfari Z, Hoseiny-Rad M, Aivazi N, Aivazi A A. Oral Health Among Pregnant Women at Ilam, Iran: A KAP Study. J Health Rep Technol. 2023;9(2):e130772. https://doi.org/10.5812/jhrt-130772.</p> <p>7. I would recommend the authors mention in the discussion part, the importance of low level of therapist's performance in delivering oral hygiene instructions to their patients. You may benefit from and add the following citations PMID: 32690835 which indicate the importance of low level of therapist's performance in delivering oral hygiene instructions to their patients</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	The authors should work on English language	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
