

Review Form 1.7

Journal Name:	Asian Journal of Research in Biochemistry
Manuscript Number:	Ms_AJRB_105949
Title of the Manuscript:	Microalgae Mediated CO2 Sequestration: A Potential Candidate for Sustainable Pollution Mitigation and Biomass Production
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes, this manuscript is very important for scientific community.</p> <p>Yes it is suitable for this article.</p> <p>The abstract is comprehensive but it is too long and need to be revised and reduced to one page.</p> <p>Yes but there are missing section such as Geographical location section need to be included.</p> <p>Some modification is required specially language or grammar such as subject verb agreement.</p> <p>Many references are too old and the references arrangement is needed especially in the texts the number in bracket should be avoided and they should be replaced by authors and the years. In the references section the format is also wrong for example et al should not be write in the references sections. It should be authors 'names and the year first.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes in some extend but grammatical arrangement is needed.</p>	
<p>Optional/General comments</p>	<p>The manuscript is accepted to be published with modification of the comments given.</p>
