<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> Yes this topic is very important for scientific community Requires adjustment as indicated in the manuscript Well written but needs real data to appear to support the results being referred to The subsection on objectives needs to be placed in its own paragraph Yes it is though the relevant laws and regulations are not clearly articulated Can there be more recent references preferably between 2020 and 2023 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<ol style="list-style-type: none"> Yes it is acceptable 	
<p>Optional/General comments</p>	<p>There is need to clearly identify the relevant laws and regulations and how each is or is not being implemented and why. This will make the discussions more exact and scientific and also will make the recommendations more exact.</p> <p>The recommendations are not derived from the results of the study!!!</p>
