

Review Form 1.7

Journal Name:	Asian Journal of Research in Cardiovascular Diseases
Manuscript Number:	Ms_AJRCD_105818
Title of the Manuscript:	The vicious cycle of BRASH syndrome: A case report and a brief review of literature
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes</p> <p>Yes</p> <p>Yes</p> <p>They look alright but additional subsections are required including (a) conflict of interest declaration; (b) declaration of the role played by each co-author; consent declaration stating if the authors got permission from the patient to publish the patient's article.</p> <p>Yes, the article is scientifically correct</p> <p>There are other publications on the topic but the references are sufficient for the article</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The English needs to be improved to publishable standards and I have made supportive educational supervision type of corrections to be shared with the authors to reflect upon and if they are happy with the changes I have made, then the corrections can be incorporated.</p>	
<p>Optional/General comments</p>	<p>The references were not well-written to meet the standards of reference writing for publication and I have made changes to all except one for the authors to reflect upon and then use my correction style to make alterations to the only reference I have not touched if they like. The authors should effect changes to their written references please</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
