

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_106298
Title of the Manuscript:	Screening of Chickpea (Cicer Arietinum L.) Genotypes against Drought Stress Employing Polyethylene Glycol as Selecting Agent
Type of the Article	Research article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes (The world is going through a drought crisis as a result of global warming, which has led to disruption in the rainfall system and water scarcity. This makes it necessary to find solutions to face this event. One of the ways to adapt to drought is to choose cultivars that are resistant to moisture stress and the use of modern technology and chemicals to increase plant tolerance to moisture stress).</p> <p>yes</p> <p>yes</p> <p>yes</p> <p>yes</p> <p>yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Ok	
<p>Optional/General comments</p>	<p>Many researches were mentioned in this study, and all of them are laboratory cultivation. It would be preferable if this study was translated into reality and research was carried out in the field</p> <p>PLEASE FOLLOW THE JOURNAL GUIDELINES.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
