<b>Minor</b> REVISION comments  <b>1. Is language/English quality of the article suitable for scholarly communications?</b>	I thank the Editor for the invitation made and the authors for the research carried out. The abstract clearly summarizes the importance of studying mung beans, showing that they have the potential to be developed with a high protein value to feed the population. As a correction, the authors must remove the bold from Table 1 and leave a gap line preceding each subpoint.	
<b>Optional/General</b> comments
