

## Review Form 1.7

Journal Name:	Asian Journal of Medicine and Health
Manuscript Number:	Ms_AJMAH_106687
Title of the Manuscript:	A Case of Kikuchi-Fujimoto Disease in an Indian Female and its Management: A Case Report
Type of the Article	Case report

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. The manuscript should be important for the scientific community, pending more details. A more detailed description should compare KFD with tuberculous lymphadenopathy.</p> <p>2. The title should be more succinct.</p> <p>3. More emphasis should be put on the rarity of KFD in Indian women, in the Abstract.</p> <p>4. The subsections are scarce.</p> <p>5. Once again, the main impact of the report, should be the description of a KFD case in an Indian woman, supposedly a rarity.</p> <p>However, these data are not investigated.</p> <p>6. If obtainable, more references concerning the rare occurrence of KFD in Indian women should be added.</p>	
<p><b>Minor</b> REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. A revision by a native English speaking subject is necessary.</p>	
<p><b>Optional/General</b> comments</p>		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p>(If yes, Kindly please write down the ethical issues here in details)</p>
