

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_106657
Title of the Manuscript:	The Challenges and Opportunities of Energy Transition Across Africa
Type of the Article	Policy Article

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. Yes, as the issue of energy and environment represents one of the most important challenges of the era, especially with the industrial and technological development taking place and the increase in population growth.</p> <p>2. Yes</p> <p>3. Yes</p> <p>4. No</p> <p>5. Yes</p> <p>6. No</p> <p>*****</p> <p>7. It is preferable to combine Abstract into one cohesive paragraph.</p> <p>8. Support this sentences with a reference: <Also, in 2020, it was reported that traditional biomass (wood and charcoal) energy sources are the only energy sources to 900 million people in Africa> < Even though Africa contributes the least to global greenhouse gas emissions, the effects of climate changes would impact greatly the most on the continent.></p> <p>9. Add a paragraph at the end of Subsection 1.1 that includes the aim of the study and the methodology that will be adopted.</p> <p>10. The division of sections and subsections is not good enough. There are subsections that are not related to the basic section, for example (THE CONCEPT OF RENEWABLE ENERGY) has no relation to (LITERATURE REVIEW).</p> <p>11. All Figures must be indicated in the text.</p> <p>12. Subsection 3.1.4 do not correspond to the main section 3.1.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Somewhat, the manuscript needs proofreading.	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
