

Review Form 1.7

Journal Name:	Archives of Current Research International
Manuscript Number:	Ms_ACRI_115681
Title of the Manuscript:	Analyze the marketing practices and identify factors influencing groundwater transfer in Tirupur district.
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)																				
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes, the study is very relevant but needs some modifications</p> <p>The title needs to be changed. I recommend "Analysis of the Marketing Practices and identification of factors influencing groundwater transfer in Tirupur district"</p> <p>The Abstract needs some modifications. The statistical/econometric result needs to be stated in the abstract, the findings and the novelty of the research are to be stated. Some grammatical errors need to be corrected in the abstract (Check the manuscript for correction) Yes but the Introduction and Methodology sections are not numbered. Methodology should be changed to Materials and Methods.</p> <p>Yes it is scientifically correct based on the result of the econometric analysis.</p> <p>The references are recent but not sufficient. The research needs more additional references. Some authors are not well referenced in the introduction section eg Graffin and Boadu, Singh, Reddy and Barah, Rosegrant et al, and Easter et al. [11] is in the reference but not in the body of the manuscript.</p>																					
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes but it needs minor grammatical modifications must especially the abstract</p>																					
<p>Optional/General comments</p>	<p>1.The purpose of the study ought to be stated at the last paragraph in the Introduction section not in 2.4 Impact of groundwater transfer on Farm Economy.</p> <p>2. The conclusion should be recast such that the objectives of the study are correlated with the findings and the novelty of the research is well stated.</p> <p>3. Tables should be redesigned to format that has header row, first column and banded rows as sown below:</p> <table border="1"> <thead> <tr> <th>Sn</th> <th>Students</th> <th>Group</th> <th>Age</th> <th>Remark</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>23</td> <td>2</td> <td>8-9</td> <td>Good</td> </tr> <tr> <td>2</td> <td>34</td> <td>3</td> <td>10-12</td> <td>Fair</td> </tr> <tr> <td>3</td> <td>23</td> <td>4</td> <td>12-13</td> <td>poor</td> </tr> </tbody> </table> <p>4. The authors mixed up time new roman with Arial in Figure 1</p> <p>5. Remove the dot line from equation (1) to (7). Only the equation number should be left eg $U_{10} = X + Y + e \quad (1)$</p>	Sn	Students	Group	Age	Remark	1	23	2	8-9	Good	2	34	3	10-12	Fair	3	23	4	12-13	poor	
Sn	Students	Group	Age	Remark																		
1	23	2	8-9	Good																		
2	34	3	10-12	Fair																		
3	23	4	12-13	poor
