

## Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_115760
Title of the Manuscript:	EFFECT OF GREEN MANURING AND NUTRIENT MANAGEMENT ON GROWTH AND YIELD OF BANANA CV. GRAND NAIN
Type of the Article	

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <ol style="list-style-type: none"> <li>Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</li> <li>Is the title of the article suitable? (If not please suggest an alternative title)</li> <li>Is the abstract of the article comprehensive?</li> <li>Are subsections and structure of the manuscript appropriate?</li> <li>Do you think the manuscript is scientifically correct?</li> <li>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</li> </ol> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p><b>Opinion</b></p> <ol style="list-style-type: none"> <li>The document is interesting for the soil scientific community, since it provides knowledge of the effect of green manures and nutritional management on the growth and yield of banana cv. The contribution improves the quality and life of the soil, contributes to the physical, chemical and biological properties, incorporation of atmospheric nitrogen with the evaluated legume.</li> <li>It is suitable</li> <li>Comply</li> <li>It is correct</li> <li>Provides knowledge about the response of green manure and nutritional management, there is a lack of more knowledge on the topic that should be investigated.</li> <li>It reports a sufficient number of references, however, in the last 5 years only two articles were found, I think it should be strengthened with recent information on the biological fixation of nitrogen, biocomposts and evaluated chemical fertilizers.</li> </ol>	
<p><b>Minor</b> REVISION comments</p> <ol style="list-style-type: none"> <li>Is language/English quality of the article suitable for scholarly communications?</li> </ol>	It's good	
<p><b>Optional/General</b> comments</p>	It is an interesting proposal, but strengthen it with recent references.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
