	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> 1. Research gap is missing in the study. It is research gap which determine the significance of the study. 2. Revise the title, after adding research gap. 3. Research gap is missing in abstract. Add one line for research gap. 4. Subsection and structure of the manuscript is incomplete, add sub-section of research gap; Add 'Analysis of the result:' Analyse the results of the study in context of Nigeria; Add another sub-section of Future research after recommendations. 5. The manuscript needs improvement to be scientifically correct. Explore and highlight research gap and add the section of "Analysis of the results" write strong analysis on basis of results and objectives of the study. 6. References are not sufficient and recent, the last reference added in the study is three years old that is of 2020. Add most recent references. 7. Properly define objectives of the study. 8. Revise problem statement, do not write empirical results in problem statement, only discuss how issues in trade affecting economic growth in Nigeria. 9. Update your time series from 2020 to 2023. 10. Develop association between Solow growth model and the model of the study because Solow growth model is discussed under the section 'theoretical framework'. 11. Check the model for multicollinearity, because the variables i.e. trade openness, imports and exports are highly corelated. 12. Briefly write analysis of results in context of Nigeria under the section of conclusion. 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<ol style="list-style-type: none"> 1. Need improvements. 	
<p>Optional/General comments</p>
