Yes, Especially for biomaterial Engineers and dental material productive companies. On the other hand, the manuscript is important for increasing Dentists' knowledge about the efficacy of herbal biomaterial. 2. The title would be better if they used "Ozonized Sunflower Oil" in its title. For example, The Influence of Ozonized Sunflower Oil on Surface Microhardness: An In Vitro Investigation. 3. Yes, The abstract covered all the article aspects and was written in 283 words. Please add one more to the keywords such as Sunflower Oil. 4. The Structure would be better if they separated the result and the discussion. The discussion can be written more than it. They can change some tables to graphs, and improve the article's visual identity. 5. Yes, of course. 6. They are recent but would be better if they added at least 3 more recent references. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<p>Yes, only the punctuations were not observed in some parts such as adding coma, removing the excess space</p>	
<p>Optional/General comments</p>	<p>I appreciate reading this article and say good luck to its authors.</p>
