

Editor's Comment:

Please hold on accepting the manuscript for publication in AJMAH until the authors revise it accordingly.

The authors did not show how they revised the manuscript using line by line the comments from the reviewers (using yellow or any color highlights).

The authors have to provide the context of this study (namely the country, the city, what are other diseases in that country?).

Editor's Details:

Dr. Janvier Gasana
Associate Professor, Kuwait University, Kuwait.
