Title can be minimized and summerized in "Full dental care under General anesthesia for epileptic patient: case report" Abstract is good The introduction needs combrehensive work in order to reach the needed level as, for the first time i read i felt that the introduction wasnt for dental field. The manuscript is scientifically correct References need to be more recent as about only 30% of references could be from 2015, and the other 70% from the past 4 years 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	English langugse is accepted with some modifications	
<p>Optional/General comments</p>	General comments in the manuscript itself
