

**Editor's Comment:**

The author to address the following;

to write the Title abstract at the top.

To add the word "To" in every objective

To accept the reviews especially in references since all of them have been crossed.

To revise conclusion section. What he found out. One sentence is not enough to give a valid conclusion.

The is references which were questioned by editorial board which the author did address.

Library Sacredheart. Edu.2003

Kinder n.d Cited in text but not referred on the ref list and those highlighted in red are not cited in the text.

These need to be addressed.
