

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_115201
Title of the Manuscript:	Effect of NPS Rates and Row Spacing on Production of Faba bean (<i>Vicia faba</i> L.) at high-land of north Shewa zone of Oromia, Ethiopia
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>		
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 		
<p>Optional/General comments</p>	<ol style="list-style-type: none"> Why the NPS study was made for poor soil fertility was not clear in abstract. Rewrite the abstract in a lucid style with proper flow In the abstract recommendation for further study not required Please cross check all the references again. For e.g. in Text it is (Terefe et al, 2012) while in references section it is Tafere M., Tadesse D., and Yigzaw, D. (2012) More Details about methods of data collected or parameters may be included It will be better if some recent references can be included in Results and discussion part <p>Rest seems to be apparently ok.</p>
