| Manuscript Number: | Ms_JSRR_115555 |
| Title of the Manuscript: | Economic viability and financial feasibility of secondary processing unit of turmeric in Chamarajanagar district of Karnataka |
| Type of the Article | Original Research Article |

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p> | <p>The abstract should be concise and informative. It should not exceed 300 words in length. It should briefly describe the purpose of the work, techniques and methods used, major findings with important data and conclusions</p> <p>In the introduction, section does not provide sufficient background. the research background section does not clearly state the importance of this study and its necessity. It should be explained in the introduction why this research should be conducted. Why this topic is very important? What are the research problems related to economic viability, financial feasibility, and price variability associated with turmeric cultivation in Karnataka?</p> <p>Table formatting is not suitable with template and author guidelines. Please adjust with author guidelines and templates, in the link: https://journaljsrr.com/index.php/JSRR/about/submissions</p> <p>This paper lacks of literature review, add the references at least 30 references</p> <p>According to the title, results and discussion, it should include the results of data processing, and the discussion should be related to theory and research data so that the meaning of the research results is formed. It is still only in the form of reading the results of statistical processing in this article, with no meaning from the findings associated with theory and research data.</p> | |
| <p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p> | Yes | |
| <p>Optional/General comments</p> | Overall, I recommend to publish the paper after revision made | |
