

Editor's Comment:

Journal Name: Journal of Scientific Research and Reports

Manuscript number: 2024/JSRR/115807.

Manuscript title: A High-value Cut flower Production guide for lucrative return.

I think the manuscript as a whole is scientifically correct. There are no ethical issues in this manuscript. There are no competing issues of interest in this manuscript.

But the author did not fully take into account the reviewers' comments.

My editorial decision (At stage 3: Final evaluation by Editor/Associate editor/Chief editor): manuscript should be improved.
