If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The manuscript is important for scientific community. However, the article needs some major modifications.</p> <p>Consider: Canalicular adenoma in the parapharyngeal space: a rare case report</p> <p>The abstract of the article is comprehensive.</p> <p>The subsections and the structure of the manuscript are appropriate.</p> <p>The manuscript needs some scientific details as mentioned in the comment below.</p> <p>Consider reworking on the references, preferable to keep to a maximum of 10 years old and please investigate the format of the references. The referencing order is not maintained in the text Eg: 1-4, 7-10 , then goes to 29, 22 etc.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The language quality of the article needs to be checked. You can consider appropriate expert guidance to check for multiple spelling mistakes and grammatical errors.</p>	
<p>Optional/General comments</p>	<p>Any note of regional lymph node involvement? Consider adding a clinical preoperative picture, Consider adding section in coronal and sagittal view to give a 3 D idea of the pathology. Consider listing a few differential diagnosis. The H & E magnification details seems to be incorrect. The articles need some major revisions.</p>
