| <p><u>Minor</u> REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p> | <p>Yes</p> | |
| <p><u>Optional/General</u> comments</p> | <p>In introduction or create one separate paragraph for the history of smart farming and from when the technology was implemented in agriculture. As we are very familiar about that every coin has two faces in the same manner every technology has its positive and negative effects try to mention it if possible. Try to include country wise statistics on usage of smart farming and technologies in agriculture and if your from any particular state try to include numerical of that state Try to include more numbers case studies if possible because only 2 or 3 are mentioned in the article. If you find any success stories of india by implementation of any technology try to include in the article. If the farmers are not implementing/using smart farming in india try include the constraints. Try to include suggestion for the government how to guide and create awareness about the technologies. Try to include statistical (%) data how smart farming impacts food production if available</p> | |
