

Review Form 1.7

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_114608
Title of the Manuscript:	First report on infestation of invasive thrips, Thrips parvispinus (karny) (Thysanoptera: Thripidae) in chilli from West Bengal, India.
Type of the Article	Short communication

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>This manuscript aimed to record the first report on infestation of invasive thrips, Thrips parvispinus (karny) (Thysanoptera: Thripidae) in chilli from West Bengal, India. Also, the identification of the invasive thrips was confirmed on the basis of molecular characterization.</p> <p>This manuscript contributes to the field of TOPIC described and has a worldwide interest. The stated purpose achieved throughout the paper. The title appropriately reflects the contents of the paper. The abstract is appropriately covering the contents of the paper. The purpose of the paper is clearly stated in the introduction. The material and methods are clear. The results were discussed clearly linked with references that promote Results. The references are relevant to the study subject.</p> <p>yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	yes	
<p>Optional/General comments</p>	<p>The author must add more clear images for Thrips in Fig. 3. The author must add the Molecular characterization results.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
