Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes, Solid waste and its management remains a challenge in both developed and developing countries. Until recently, waste was given low priority in most cities. It was only into 19th century that the idea of collecting and disposing of garbage in a systematic fashion become part of the general drive to improve public health. In today's cities solid wastes remain a problem when it comes to their disposal. Problem of solid waste management is a global issue; every city of the world is facing challenges of solid waste.</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>Try to write sentences in own words rather than quoting references as it is, from other articles. It is necessary to form original and novel article and also to avoid future issues. The article will only be considered after the corrections made as suggested.</p> <p>Authors should also concentrate to write on the other important MSW Solutions in the following point of view.</p> <p>Other Ways to Improve Waste Management & Compliance</p> <ol style="list-style-type: none"> 1. Proper Segregating and Minimizing Waste. 2. Circulate Safety Data Sheets. 3. Create An Emergency Readiness Plan. 4. Review Compliance Guidelines. 5. Perform Regular Audits on Waste Management & Disposal. <p>Sustainable solutions for waste management.</p> <ol style="list-style-type: none"> 1. Recycle used stationery. 2. Reduce paper and ink usage. 3. Donate gently used equipment. 	

Review Form 1.7

	<p>4. Find reusable options instead of disposable ones.</p> <p>Reduce Reuse Recycle:</p> <ul style="list-style-type: none">• Bulk Goods are the ULTIMATE Eco friendly products. NO Plastic Bottles.• Invest In a Set of Cloth Produce Bags.• Avoid Produce That's Wrapped in Plastic.• Support Your Local Farmer. <p>2. Detailed and accurate discussion is expected with recent references</p>
