|---|--|--|
| <p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p> | <ol style="list-style-type: none"> Yes, manuscripts are significant to the scientific community But, improve with technical data and elaborate technical concept in simple way. Reduce title length. Write the correct one. Research title should be short, simple and easy to understand The abstract does not answer clearly, the questions 'what', 'where', or 'how' about the study. This abstract does not focus on agricultural production basins It is appropriate structure of the manuscript but, its need to improve in material and methodology Scientifically correct, as per the standard of Journals level some changes are required Adequate uses of recent references although they are not sufficient , it's not appropriate format of references , need to change | |
| <p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? | <p>The quality of the article's English is suitable for scientific communication, but it is recommended to use grammarly.com</p> | |
| <p>Optional/General comments</p> | | |
