

**Review Form 1.7**

Journal Name:	<b>Journal of Scientific Research and Reports</b>
Manuscript Number:	<b>Ms_JSRR_114964</b>
Title of the Manuscript:	<b>“ STUDIES ON PHYSICO-CHEMICAL AND SENSORY ASPECTS OF GUAVA LASSI”</b>
Type of the Article	

**Review Form 1.7**

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p><b>Important</b></p> <p><b>It should be reformed according to the objective +or the objective according to the topic</b></p> <p><b>NO</b></p> <p><b>YES</b></p> <p><b>YES</b></p> <p><b>YES</b></p>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>YES</p>	
<p><b>Optional/General</b> comments</p>	<p>Summary:            1.- Describe the problem to be investigated.            2.- Improve the wording of the objective            3.- Mention the methodology used            4.- Close the essay with a conclusion.</p> <p>Introduction:            -In the summary, emphasis is placed on knowing the optimal level of guava pulp and in the introduction it mentions milk as the first element. I suggest reviewing the topic and focusing on the stated objective.            -Review and decide which objective is being met. In scientific articles, the same objective is generally written in the summary and introduction.</p> <p>Objective of the summary            main objectives to evaluate the product through sensory evaluation, determination of the physical-chemical composition and calculation of the production cost.</p> <p>Objective of the introduction            The present research on "Preparation of cow's milk lassi mixed with (Psidium guajava) pulp" was carried out with the following objectives, to know the optimal level of guava pulp in the preparation of lassi, to study the physical-chemical properties and calculate the cost structure.</p> <p>-It is proposed to comply with the following elements for an introduction. Context of the problem from the general to the particular, conceptual framework, relevance of the research found in the article and finally the objective.</p> <p>Results:</p>	

**Review Form 1.7**

	Declare a different theme than the initial one. "STUDIES ON PHYSICAL-CHEMICAL AND SENSORY ASPECTS OF LASSI GUAVA" preparation of cow's milk lassi mixed with guava pulp ( <i>Psidium guajava</i> )
