

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_114255
Title of the Manuscript:	Effect of organic sources of nutrients on yield, quality, soil fertility status and economics of onion (<i>Allium cepa</i> L.)
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes, the study is important in restoring soil and onion crop's health. It showed positive result for organic sources of nutrients as presented by BCR and net returns.</p> <p>The title effectively communicates the research focus, objectives, and scope to potential readers, making it a suitable and informative descriptor for the study.</p> <p>Rather than focusing on details of experiment. Abstract should include gist of entire study.</p> <p>Yes</p> <p>Yes</p> <p>One reference mentioned is not cited in the text- Premsekhar, M and V. Rajashree. Influence organic manures on growth, yield and quality of okra. J. Sustain. Agric. 2009; 3(1): 6-8.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes.	
<p>Optional/General comments</p>	<p>The result of effect of organic sources of nutrients on economics of onion should be compared to economics of onion using fertilizers to gain more clarity on the returns under both conditions.</p> <p>The write-up of the manuscript can be little elaborative as to help readers gain more understanding.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
