PART1:ReviewComments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write a few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. Yes</p> <p>2. No</p> <p>3. Yes</p> <p>4. Yes</p> <p>5. Yes</p> <p>6. Yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>	<p>This article is generally good but needs revision/confirmation.</p> <p>Abstract It is necessary to present the types of correlation studies according to methodological experts. Limitations and recommendations need to be presented in the abstract.</p> <p>Introduction It is necessary to present a research gap on the theme of the correlation between control practices and stakeholder cooperation among state secondary school teachers in other people's research so that new facts in the literature emerge.</p> <p>Social problems in the Philippines need to be referenced.</p> <p>The problems at Manay District Elementary School, Davao Oriental Division, need to be deepened.</p> <p>In general, several academic problems that may arise in the practice of controlling collaboration between teachers and stakeholders in the midst of the COVID-19 pandemic crisis are limited access and infrastructure, decreased quality of learning, difficulties in evaluation, and decreased teacher performance. The question is, are friends from the COVID-19 pandemic still important?</p> <p>Method</p>	

ReviewForm 1.7

	<p>Respondents, totaling 132 elementary school teachers, need to be given reasons for their determination and the flow of their work.</p> <p>Results and Discussion It is best if the findings answer the research question. The research question needs to be presented at the end of the introduction.</p> <p>A discussion of the findings with current research needs to be provided. REFERENCE</p> <p>RENCE It is necessary to refer to the latest research in 2023-2024.</p> <p>You need to use reference management and adjust it to the author guidelines of this journal.</p>
