

Review Form 1.7

| | |
|--------------------------|--|
| Journal Name: | Asian Journal of Research in Infectious Diseases |
| Manuscript Number: | Ms_AJRID_114834 |
| Title of the Manuscript: | Impact of dolutegravir as first-line antiretroviral treatment on the tolerance and virological suppression among PLHIV in the southern region of Senegal |
| Type of the Article | |

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p> | <p>Yes</p> <p>Yes but may need a few adjustments as advised. my comments are in the manuscript "Impact of Dolutegravir-based regimen on tolerance and virologic suppression, compared to non-dolutegravir regimen among PLHIV in Southern Senegal"</p> <p>No, Introductory background is missing (in one or two sentences) it lacks statistical method used, study duration, has some elements that needs to be removed as pointed out in the manuscript Majority are appropriate however some data is missing e.g. ethical consideration, Table 2 is also missing. Methodology section needs to be redone as advised in the manuscript The manuscript is correct but needs to be reorganized to make it concise</p> <p>Some references are old dating back 15 years ago(2009, 2010) needs to be expunged and replaced with the current trends in HIV management</p> | |
| <p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p> | <p>Yes</p> | |
| <p>Optional/General comments</p> | <p>Generally, the article could be enhanced by addressing the specific comments I have raised in the main document. Majority of my comments are in the main document</p> | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <p>Are there ethical issues in this manuscript?</p> | <p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> | |
