

Review Form 1.7

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	Ms_AJAEES_115241
Title of the Manuscript:	Demographic Characteristics of Members of Farmer Producer Organisations (FPOs) in Effectiveness of Group Dynamics and their Perceived Constraints in Lower Brahmaputra Valley Zone of Assam, India
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The manuscript explores how Farmer Producer Organizations (FPOs) function in Assam, India, shedding light on challenges faced by these groups. It provides valuable insights for policymakers, researchers, and agricultural stakeholders. The research methodology is well-structured, analyzing factors like age, education, and income of FPO members. It offers practical suggestions for improving FPO effectiveness, such as better training and access to resources. Overall, the manuscript contributes to understanding and strengthening FPOs for sustainable rural development.</p> <p>The title "Demographic Characteristics of Members of Farmer Producer Organisations (FPOs) in Effectiveness of Group Dynamics and their Perceived Constraints in Lower Brahmaputra Valley Zone of Assam, India" is quite descriptive and reflects the content of the article accurately. It clearly indicates the focus of the research, which is on the demographic characteristics of FPO members, their impact on group dynamics effectiveness, and the perceived constraints they face in the Lower Brahmaputra Valley Zone of Assam, India. Overall, the title seems suitable for the article</p> <p>The abstract provides a comprehensive overview of the study's objectives, methodology, and key findings</p> <p>Yes, the manuscript appears to have appropriate subsections and structure. It includes sections such as Introduction, Materials and Methods, Results and Discussion, and Conclusion.</p> <p>Correct</p> <p>Please make more update for the references for range 2018 -2023</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The language and English quality of the article appear to be generally suitable for scholarly communication. The writing is clear and technical terms are used appropriately</p>	
<p>Optional/General comments</p>
