

Review Form 1.7

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_114651
Title of the Manuscript:	Study on sensory evaluation and the optimum levels of Calcutta betel vine (Piper betel) leaves extract in the preparation of Shrikhand
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct?</p> <p>5. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. Yes, it is important for developing food product.</p> <p>2. I suggest the title would be better if it is stated something like this, Study on impact of addition Calcutta betel vine (Piper betel) on flavour, shape and colour in the preparation of Shrikhand</p> <p>3. In the background section, there is no statement explains about the importance and objective of this study. Author must explain the method thoroughly.</p> <p>4. For the manuscript, author needs to state the method thoroughly and the discussion must be made to support the research results. The method, results and discussion need major revision as it does not provides good explanation and narrative for this study.</p> <p>5. Author need to add more references to support the research results and the references should not dated more than 5 years ago.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes, it is	
<p>Optional/General comments</p>	-	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
