	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes,the manuscript is important for the scientific community,as it has shed light upon the maintainance of good oral health in preschool children,and when these children transform into adults,then it becomes easier for them to maintain their oral health in a good state in adult life too.</p> <p>No the title of the manuscript is not suitable,as its an original research,hence what type of study it is should be mentioned . Hence an alternative title can be: A cross-sectional study on the dental caries and oral health related quality of life among Vientaine Preschool children,LAO PDR</p> <p>The abstract of the article is not comprehensive as it has not shed light upon the insight view of the study.</p> <p>Under the discussion section of the manuscript,Add more studies(both the old and the new) to justify your study.</p> <p>Yes</p> <p>Add more recent references</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. Reframe the title of the study by adding the type of the study. 2. Reframe the abstract by giving some insight view about the study. 3. Reframe the discussion by adding more studies.</p> <p>yes</p>	
<p>Optional/General comments</p>	<p>Accept the manuscript for publication after minor changes as mentioned</p>
