

Review Form 1.7

Journal Name:	Asian Journal of Education and Social Studies
Manuscript Number:	Ms_AJESS_115772
Title of the Manuscript:	Understanding the Learning Style Preferences of ODL Students using VARK Model: Implications for Individualized Pedagogy and Student Success
Type of the Article	Original Research Article

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p><u>Compulsory</u> REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The title is suitable to the manuscript .</p> <p>The abstract represented in the manuscript is comprehensive but it is not in the proper format.</p> <p>The subsections of the paper is appropriate but some more types of statistical analysis is required. The subsections of each of the sections of the paper should be more elaborated .</p> <p>The manuscript is correct</p> <p>The references given in the manuscript are not sufficient and some of the references are comparatively older .</p>	
<p><u>Minor</u> REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The English language of the manuscript is not good and needs some improvements so that it can be worth of scholarly communication,</p>	
<p><u>Optional/General</u> comments</p>	<p>1) The manuscript is not containing the sufficient number of statistical functions to establish the performance of the model. It is advisable to include some number of statistical models so that the OD model can be described better.</p>	

Review Form 1.7

	<p>2) The population for the research work required involves the data of master degree students only. The data of such research works should also include the Students of any other standards.</p> <p>3) The work laid down in this paper focuses on the particular category of students only. The research result can be the good analysis once the varieties of data from different levels have been considered.</p> <p>4) The VARK model has been shown in the paper but the required parameter variation of the model should be discussed with the required impacts On the samples.</p> <p>5) The English of the manuscript should be improved and the manuscript must be made more scientific by including some improved models of machine learning.</p> <p>6) Is their any improvement of the learning strategies using different combinations of different ODL students preferences.?</p>
