

Review Form 1.7

Journal Name:	Asian Journal of Research in Crop Science
Manuscript Number:	Ms_AJRCS_119770
Title of the Manuscript:	Generation mean analysis for estimating gene action, heterosis and inbreeding depression in yield and foliar disease resistance in three faba bean (<i>Vicia faba</i> L.) crosses
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The manuscript offers important new insights that can help scientists make progress in the field. It's a valuable contribution that deserves attention and discussion.</p> <p>The title clearly reflects the content of the article, making it easy to understand the focus. It's appropriate and informative for readers.</p> <p>The abstract gives a clear and complete summary of the article's main points. It effectively highlights the key findings and purpose of the study.</p> <p>The subsections and structure could be more organized for better clarity. Rearranging some sections and adding into introduction and conclusion would improve the manuscript.</p> <p>The manuscript has a solid foundation, but some data and methods need more detailed explanation. Addressing these gaps will strengthen its scientific accuracy.</p> <p>Following paper can be referred for manuscript improvement and cited Choudhary, P., Chand, R., & Singh, A. K. (2023). Genetics of Cercospora leaf spot resistance in mungbean [<i>Vigna radiata</i> (L.) Wilczek] through generation mean analysis. <i>Legume Research</i>, 46(11), 1526-1533.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<p>The language is generally clear, but scope of Improvement will enhance the readability and professionalism of the article.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
