

Review Form 1.7

Journal Name:	Asian Journal of Agricultural and Horticultural Research
Manuscript Number:	Ms_AJAHR_118615
Title of the Manuscript:	A review of agronomic advances and challenges of Chia production in Kenya.
Type of the Article	Review article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes, manuscript have significance for researchers' community. This manuscript provides an in-depth analysis of the nutrient management and agronomic practices needed to optimize Chia production in Kenya. This emphasizes the crucial role of balanced fertilization, especially nitrogen, phosphorus and potassium, in improving crop growth, yield and quality. The study highlights the need for adapted fertilization strategies to improve soil nutrient deficiencies and improve Chia's ability to adapt to changing climate conditions. In addition, the importance of effective weed control to prevent yield loss and ensure sustainable agricultural practices is emphasized.</p> <p>Yes, Title is appropriate and suitable to the study</p> <p>Yes, subpoints are appropriately mentioned in the manuscript</p> <p>Yes</p> <p>Yes, sufficient and recent references relevant to study have been incorporated in the manuscript</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes, overall average but, improve language quality wherever required.</p>	
<p>Optional/General comments</p>	<p>Comment 1: incorporate data related to current production of 2023-24 for chia.</p> <p>Comment 2: Improve overall language of manuscript.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
