

Review Form 3

Journal Name:	Asian Journal of Education and Social Studies
Manuscript Number:	Ms_AJESS_120648
Title of the Manuscript:	Integration of Mathematics Culture and Mathematics Teaching in High School under the View of Flipped Classroom
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It is very important since it will address the to better integrate mathematics culture knowledge and enhance students' mathematical literacy in personalized teaching.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is suitable and relevant to the current dynamic of mathematics performance and enhancement of good approaches of teaching.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is okay but there is need to ensure that the whole content of the document is well summaries ensure all main areas are not left behind especially the theory of study the findings and recommendation should come out very clearly	
Are subsections and structure of the manuscript appropriate?	They are okay but should ensure that all areas are well captured to ensure good flow of ideas.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> • The researcher should highlight some evidence of showing findings like graphs statistical data themes on how the result's finding was got and gave conclusion. • The reference is not APA format and also wat it should be edited • Theoretical frame work is also very important to a study since it shows very clearly independent variable and dependent variable and it help to show how one is affecting the other. 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The refence are recent and sufficient they only need to be written in APA format.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	The language is suitable and to the standard of the scholarly writing.	
Optional/General comments	If the above issues are well address then the study will be very relevant to the field of mathematics.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with the reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in detail)</i> N/A
