Manuscript Number:	Ms_EJNFS_120836
Title of the Manuscript:	Promoting Nutritional and Sustainable value of Shree Anna (Millets) in India
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	It is important to know the value of millets and this manuscript justifies the topic with the key information as mentioned here. As the population of our country been increasing day-by-day, it is essential to create awareness for the farmers on increasing the millet production, which would act as a best substitute for other major consumption like rice and wheat in the coming days. Also, millets have better health benefits when consumed in right proportions.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, but better concluding statement would be even more appropriate if changed.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	This manuscript shows the significance of millet production and its consumption in day today life. It clearly specified the crucial aspects of millets and its positive impact on human after consumption. I believe that, it is required to focus on cultivation of millets as a staple crop which has more advantages to the climate as well the environment, besides health benefits and scientific research on these topics would help the people to get awareness of such aspects.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Yes	
Minor REVISION comments	Yes	
Is language/English quality of the article suitable for scholarly communications?		
Optional/General comments	No comments
