**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	The active learning strategy represents a modern approach to enhancing the effectiveness of teaching and learning activities. My specific focus lies in advancing active learning strategies through the use of augmented reality (AR). As a researcher in this area, my primary emphasis has been on devising strategies that leverage computer simulation.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is suitable, but I suggest some adjustments. I recommend making the following minor changes to the text: "Augmented Reality-Based Learning Media for Very High-Frequency Omni-Directional Range (VOR) Navigation Training"	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, it is comprehensive but it needs some minor revision in spelling and punctuation. High Frequency to High-Frequency, omni directional to omnidirectional
