

**Review Form 3**

Journal Name:	<b>International Journal of Environment and Climate Change</b>
Manuscript Number:	<b>Ms_IJECC_120676</b>
Title of the Manuscript:	<b>The mediating role of Environmental Sustainability Awareness on the Relationship between Climate Change Attitude and Biodiversity Conservation Practices</b>
Type of the Article	

**Review Form 3**

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p><b>Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.</b></p>	<ul style="list-style-type: none"> <li>• This manuscript holds substantial importance for the scientific community by addressing critical issues at the intersection of climate change attitudes, biodiversity conservation practices, and environmental sustainability awareness among Senior High School students in Davao City.</li> <li>• It provides empirical evidence that not only highlights the high levels of climate change attitudes and conservation practices among youth but also underscores the mediating role of environmental sustainability awareness in fostering these behaviors.</li> <li>• Such insights are crucial for developing targeted educational interventions and policies aimed at promoting sustainable practices from an early age, aligning with global sustainability goals.</li> <li>• I appreciate this manuscript for its rigorous quantitative approach, which systematically investigates the relationships between key variables using well-established statistical methods.</li> <li>• The findings not only confirm significant associations but also uncover nuanced insights into how environmental awareness mediates behavioral outcomes, offering practical implications for educators, policymakers, and conservationists alike.</li> <li>• Moreover, the study's focus on STEM students in private schools adds specificity and depth to understanding these dynamics within a localized context, enhancing the relevance and applicability of its findings.</li> </ul>	
<p><b>Is the title of the article suitable? (If not please suggest an alternative title)</b></p>	<ul style="list-style-type: none"> <li>• No, it is not suitable title</li> <li>• (Environmental Sustainability Awareness as a Mediator between Climate Change Attitude and Biodiversity Conservation Practices among Senior High School Students)</li> </ul>	
<p><b>Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.</b></p>	<ul style="list-style-type: none"> <li>• Rewrite methodology section</li> <li>• Study design and place and duration of study section include in methodology section</li> </ul>	
<p><b>Are subsections and structure of the manuscript appropriate?</b></p>	<ul style="list-style-type: none"> <li>• Introduction section add 5-7 more references</li> <li>• Discussion section add 7-9 more references</li> <li>• Rewrite conclusion section</li> </ul>	
<p><b>Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.</b></p>	<ul style="list-style-type: none"> <li>• This manuscript holds substantial importance for the scientific community by addressing critical issues at the intersection of climate change attitudes, biodiversity conservation practices, and environmental sustainability awareness among Senior High School students in Davao City.</li> </ul>	
<p><b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p>	<ul style="list-style-type: none"> <li>• References not sufficient</li> <li>• Add introduction section 5-7 more references</li> <li>• Add discussion section 7-9 more references</li> </ul>	

### Review Form 3

Minor REVISION comments  <b>Is language/English quality of the article suitable for scholarly communications?</b>	<ul style="list-style-type: none"><li>• Yes, it is suitable for scholarly communications</li></ul>	
<u>Optional/General</u> comments		

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
