**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	YES. Issues of crop storage are important in Agricultural Research and to the Scientific Community. This is because after-harvest losses occur where storage facilities are not proper leading to financial losses to crop farmers. Availability of good storage facilities is an important aspect of profitable farming.	
Is the title of the article suitable? (If not please suggest an alternative title)	NOT really... My suggestion would be: Inventory Optimization and Space Utilization of Crop Storage Godowns.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	YES. It would be sufficiently comprehensive if the title is amended as proposed.	
Are subsections and structure of the manuscript appropriate?	The paper is well structured starting with the abstract, going to introduction, materials and methods, results and discussion, conclusion and onto the references.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Issues of crop storage are important in commercial farming. This is because after-harvest losses occur where storage facilities are not proper leading to financial losses to crop farmers. Availability of good storage facilities is an important aspect of profitable farming. The paper looks at specific regions and examines the storage capacity available and its utilization.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	While the references are relevant, more recent materials should have been included.	
<b>Minor</b> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	YES. The quality of the language used is appropriate and suitable for scholarly communication.	
<b>Optional/General</b> comments	I recommend the manuscript for publication with minor amendment to the title.
