#### **Important Policies regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

**Review Form 3**

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.</p>	<ol style="list-style-type: none"> <li>1. This manuscript is important for scientific community, because there is no such study yet in which Post Adenotonsillectomy pain is reducing in children or the drug is being administered in a better way due to the rectal route.</li> <li>2. This study also gives us complete information about how they performed all this and what was the result which will prove to be helpful in future in reducing Post Adenotonsillectomy pain.</li> <li>3. This study will be of great benefit to our scientific community in future.</li> </ol>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>Yes, It's an attractive title and suitable for this research.</p>	
<p>Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>No, everything is in its place exactly like a good research article.</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>Yes, everything is appropriate.</p>	
<p>Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.</p>	<ol style="list-style-type: none"> <li>1. In this article, the best way to relieve the pain of Post Adenotonsillectomy has been explained.</li> <li>2. In this, a very careful study has been done on children, keeping in mind every need.</li> <li>3. In this research, the effect of single versus divided dose regimen of rectal diclofenac has been very well studied and the data has been demonstrated.</li> </ol>	
<p>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. :</p>	<p>Yes, all the references are from good articles, are current and sufficient.</p>	
<p><u>Minor</u> REVISION comments  Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes, this language is suitable for scholarly communication and it is also easy to understand.</p>	
<p><u>Optional/General</u> comments</p>		

### Review Form 3

#### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
